

**The following prophecy was given by Kenneth Hagin Jr. on April 19, 2004 in Lexington, KY:**

And we're on the verge of the great revival! And we're on the verge of the great revival! God has reserved the best for last! The greater glory. He said it right there! "The glory of the latter house will be greater than the glory of the former house."

He said, "Greater works shall you do." This is the time. This is the hour; this is when we need to begin to understand that the glory of God is coming down! If you could just see into the Spirit, you could see just how close we are to a mighty revival. Great revival.

As I've been praying, I've been seeing this in the Spirit. I mean I see just, not just a little bit here and a little bit there, and a little bit, I see in the Spirit, I've been seeing this. I've been seeing the glory over the WHOLE EARTH! I mean it's like seeing the earth, you know, the ball of the earth and you see this glory cloud.

And the Lord said that "this is the last day, this is the time! And the revival is at hand. There will be many that will say, 'I don't know about this now.' But those that have prepared will walk with Me in a new and a greater way. And the glory will be demonstrated both individually and corporately in the Church. And you will see and do things that you never thought you would do! But the power of God and the glory of God will take you to a new height and a new level."

"And many will come to you and they will say, 'Why is your face shining so?' And you will say, 'Is my face shining?' They said, 'Oh yes, your face is shining.' And you will begin to tell them about the glory of God. And the anointing will come and they will fall on their face as those of old fell when the glory came. And they will repent! And there shall be a mighty revival. And then shall the end come! You are so close, Church, you are so close!"

"Will you shake yourself? Will you prepare yourself? Will you be ready for the glory revival that's coming and it's coming soon. I am ready to pour out My Spirit upon all flesh in this last day. And this is the last day." Hallelujah, that's what the Spirit's saying. That's what the Spirit's saying.

Are we ready? Are we ready? Are we ready?

Oh, not too long now. Not too long now and you will begin to see the edges of the revival begin to crop up here and there. It will be rather slow at first.

There will be an ebbing like a wave crashing upon the shore, and then ebb back. But as it does it will hit another wave that's coming in! And there'll be a ruffling of water like, and then it'll hit, another wave will hit. Until there is nothing but the power and the glory of God being manifest everywhere.

And men will say, "I don't understand this! I don't understand this!" Some that even proclaim today that they believe in the power of God will stand and question when it begins to happen. But you that are prepared, you that are ready will be the leaders of this great glorious revival that shall sweep the earth and the end shall come.
