

The following prophecy was delivered by Willie George at Living Word Christian Center on February 3, 1983

This church is going to be big. It's going to be big. It's going to be big, big! You know we get to go to a lot of places, and everywhere we go, we go to good churches and we sense that they're all going to grow, but I've never heard God tell me, like He told me tonight, thousands, Lynne, thousands! Praise God!

You're going to have to expand your vision even bigger. For you see, this place and this body is going to influence not hundreds, but thousands. You're going to have to dream bigger dreams, because if you walk before Me, humble, if you walk before Me humble, I'm going to give you some things that I've given to very few. For you see, there have been others that came before you, who faltered because they did not know the Word, but you've come to this city, saith God, and you've been quick to obey those things that you've heard and because you know the truth, that truth has set you free, but that truth will keep you from error, saith the Lord, and from falling as others have done before thee.

You see, many have been lifted up in pride, when they had some success and weren't able to handle all the things that I wanted them to have, but if you walk humbly before Me, there is going to be a great gathering of souls through this church. It won't just be hundreds, but the day will come when thousands will come to hear the Word of God, for I am accelerating My plan in these last days, saith God, and you're going to notice things coming quicker and easier than they have in days gone by.

The hard part is over, saith the Lord, because you have proven yourself faithful, and you stayed when others would have turned tail and run. You have proven yourself faithful, saith God, and a faithful man shall abound with blessings. You're going to receive many of those things that have been prayed over this city for years. But I sought for a man who could handle what I wanted to give. You see, I have influence, saith God, and I can stir up many to come and to begin to hear what you have to say. So, if you'll keep a humble heart before me, saith God, many great things are going to continue to come your way.
