

KENNETH E. HAGIN INTERVIEW WITH JEANNE WILKERSON

9/25/1980

Jeanne Wilkerson: Four years ago, just at this time of the year, before the oncoming election, we were in our intercessory prayer. The Spirit of the Lord came upon me and for 40 minutes the Lord poured out a prophetic Word concerning the 50 states of the United States, telling many things concerning the states--why they even had the letters that their name began with--many natural things concerning the states, and then tied it into many spiritual things concerning them.

He also told us who would go into office as president of the United States because at that time, it was just in the balances who would be the president. He told us that President Carter would go into office and why he would go into office. He spoke about the southern block of states that they, for the first time in the history of the United States, were going to produce this man as president and why God was allowing this.

Then He went into California telling us that it was no happenstance that the state of California began with the letter "C," that it was the "cult" capital of the United States. He told us that it was also known for its prominence in another area of life which many of you will know.

He went on to tell us that San Francisco, particularly He mentioned that city, and that we would yet see the city of San Francisco moved mightily once again with the mighty power of the Holy Spirit. And I saw the fire of the Holy Spirit sweep the very streets of that city, and He said, "One more time, and it will be her last call."

"I'm going in by the power of the Holy Spirit and the fire of My presence to pull many out of this fire that Satan has lighted, for many of My own sons and daughters are participators in this fire. I'm going in by this powerful move of the Holy Spirit to bring them out of this fire; then I will also in turn so clothe them with the power of the Holy Ghost, they in turn will go back in and bring others out of it."

I have since heard recently on Trinity Broadcasting, Mario Marillo tell that God had cited to them San Francisco, also David Wilkerson, and that he had sent 1,500 recruits into the streets of San Francisco. He said that God had spoken to him that this was the next move that was coming . . . a mighty wave of the Holy Spirit moving, in this city.

In this prophetic word concerning the United States, God cited many cities and He mentioned Oklahoma. He told us that we were noted for natural resources of oil and gas and that how many eyes of the world were on us because of our natural resources....

“But,” He said, “This is not the greatest thing that is vested in Oklahoma. You have some of the greatest spiritual resources vested in this Oklahoma, and you are going to want to tap into your spiritual resources that are here.”

Then He mentioned many of the ministries that were vested in even Tulsa itself, and that I would also be one that would be going out of this center to take some of the spiritual resources to other states and He said there are three states in the union that begin with the letter "O." I had never thought about it.

And He said, “Oregon, Oklahoma, and Ohio.” And at that time, Ohio's governor, He said, would come to want to tap into our natural resources. And just as he wants to tap into these, many will come wanting to tap into your spiritual resources that are vested here.

I had never been in Oregon in my life. Just a few weeks after this, I was called by a pastor to come to conduct a meeting in Oregon. And He said, “This is what I told you; many of the spiritual resources that are vested in this state will go out.” So I went to Oregon. They didn't think they could have a prayer seminar. Nobody had really attended it too much. They hadn't given too much attention to it. But I told them when I come in there, believe you me, they're going to know that they can have one.

They did. It was too beautiful, because my daughter who is also in the congregation here was with me singing at the close of the meeting.

They had never had a morning meeting in the church. They awakened to what God can do in a morning meeting. They came out and by the time I was ready to go, they said, “Would to God that we could go on with this.” I said, “I'm sorry, you're too late; God is closing it.”

But nevertheless, He mentioned many areas. He mentioned Arkansas, Texas; He said that Texas had resources; He marked the spots on the earth and He knew exactly where to put the resources and why.

He said, “I'm going to have a roll call of states. They will answer the roll call in the affirmative, not for a vote for the president of the United States, but for a vote for Jesus Christ; either for Him or against Him.

“And I will bless states as they answer this roll call.” So He said, “Texas, were she to answer a roll call for a vote concerning Jesus Christ, she would be more in the

affirmative than in the negative. So I have hidden within the state of Texas many great resources. They have been put there for the end time reserves of my last great financial thrust throughout the world....” The Gospel is going.

And He said, because of this, much of the riches are going to come out of Oklahoma and Texas to help to support the Gospel of Jesus Christ as it moves throughout the world in the end time. Hallelujah.

Brother Hagin asked what the Holy Spirit revealed [concerning the Roll Call of States revelation] of the Role of the United States in this End Time.

Jeanne Wilkerson responded: He spoke then that the United States would have a period of time that would be given her to accomplish purposes of God in the earth, because she was going to be one of the countries who, even though she has departed in many ways, still retained the knowledge of God in a great mass of her people and He would bless this if this mass would awaken to the realization of the power that they had in intercession.

He said it is prophetic that America did not have 50 states until the end-time. Fifty is the number of Pentecost. Therefore America, He said, would help to send and to teach the knowledge of the Holy Spirit throughout the world.

Also, the 13 colonies she originated with; thirteen being the number of rebellion but also the number of divine atonement.

And the eagle being her insignia; she has a lot of the characteristics of the eagle. The eagle soars to great heights and it goes into high places in the mountains. But after a period of time, the eagle grows old. It loses its old feathers and they are replaced by new. Its eyes that have been blinded will suddenly be renewed. And it is given new sight. It has ground site and it has eyes that can see into the heavenlies.

So He said, America, since the eagle was her insignia, she would be likened unto the eagle. She would have a period of time during which she would go into a season when spiritually she would seem to grow old and look as though going unto death. But, *“I will again renew her youth like the eagle.”* Suddenly America, with renewing of its youth and renewing of its vision, will give a shriek and take off into the heavenlies. So, He said, it is not by chance that this is her insignia. So many things that have to do with the United States depict her chosen by God for an end -time work.

Brenda Brim Notes:

A brother who attended Prayer (I do not know his name) told us that the 50th state that came into the union turned 50 last year (2009). Also, Highway 50, that runs through Washington D.C. as Constitutional Avenue, runs practically throughout the country.

Kenneth W. Hagin has said that this is also like the revelation that Sister Clara Grace received many years ago concerning America. Also, Jack Hayford received a revelation about America that Jeanne Wilkerson refers to that confirms what she says.
